

Unify Ready

Technology connectivity certification

The connectivity of

Mediant 500L E-SBC

developed by **AudioCodes LTD** has been certified at the **SIP Trunk Interface of OpenScape Voice V10** in accordance with the test report dated September 22, 2016*)

AudioCodes LTD is now entitled to label the above mentioned product with the Unify Ready emblem.

* Unify declares that the results with OpenScape Voice V9 are even valid for OpenScape Voice V10 in respect of the interworking with the SIP Trunk interface of the AudioCodes Mediant SBC series and the declaration of confirmation issued by AudioCodes LTD June 11, 2020. According to the compatibility statement issued by AudioCodes LTD October 26, 2016, the certification tests for Mediant 800B Gateway & E-SBC are applicable in respect to the interworking with OpenScape Voice interfaces

The test was conducted conforming to DIN EN ISO 9001. This certificate is only valid in conjunction with the full test report and the notes contained therein. **Please consider that the test report only covers the functionality of the interface. The certificate and test report are not good for a statement of end-to-end functionality.**
